Education

KJ Somaiya College of Engineering, Mumbai 2028
B.Tech. in Computer Engineering *CGPA: 9.1*

Divya Jyot School, Ahmedabad 2024
Senior secondary, Central Board of Secondary Education *Percentage: 85*

Seth Anandram Jaipuria School,Ghaziabad 2019
Secondary,Indian Certificate of Secondary Education *Percentage: 97*

Internship Experience

Red Leaf Softwares & Services LLP (Angular Developer) July'26

- Learned Angular fundamentals including components, modules, routing, services, and data binding while working on guided development tasks.
- Worked with TypeScript and Angular CLI to understand component-based application development and project structure.
- Implemented basic Angular features, performed debugging, and followed industry coding practices under mentor guidance.
- Collaborated with mentors using Git and gained exposure to professional frontend development workflows.

Alien Healthcare (Android Developer) Jan'26 – Mar'26

- Developed a Bluetooth-enabled Android application integrated with an ESP32-based smart heating band system for reliable device control.
- Utilized Android development tools, ESP32 integration, and Bluetooth communication protocols to establish efficient hardware–software connectivity.
- Implemented a stable mobile-to-hardware communication framework, improving responsiveness and overall user experience.

MyEzz – Food Delivery Startup (Frontend Developer) Sept'25 – Oct'25

- Redesigned and redeveloped the complete web platform to improve UI/UX, responsiveness, and overall system performance.
- Built and optimized scalable frontend modules using React.js and Tailwind CSS to improve maintainability and interface efficiency.
- Led production deployment activities and collaborated with cross-functional teams to ensure smooth implementation and successful project delivery.

Projects

Memories – Secure Photo Gallery App | React Native, JavaScript Feb'26

- Developed an Android application using React Native to function as a secure photo gallery
- Implemented features to organize and tag photos based on locations and memories.
- Focused on privacy, smooth UI interactions, and efficient media handling.

Skills

Programming Languages: HTML5, CSS3, JavaScript (Fundamentals), TypeScript (Fundamentals), Python (Fundamentals), C++ (Fundamentals), SQL
Frameworks & Libraries: Angular (Fundamentals), React.js(Fundamentals), React Native,, Tailwind CSS, Bootstrap
Databases: PostgreSQL
Developer Tools: Git, GitHub, Angular CLI, VS Code, ThunderClient, Android Studio, Expo, pgAdmin
Soft Skills: Communication, Teamwork, Leadership, Problem Solving, Time Management
AI Tools: Claude, ChatGPT, Stitch, Antigravity
